

8 May 2017

Subject: Notification of additional information about production level

To: President  
The Stock Exchange of Thailand

With reference to our communication dated 6 December 2016, 23 January 2017, 17 February 2017 and 28 March 2017, we would like to inform you that the Company has been permitted to maintain production run at 100% level on trial basis with effect from 27 April 2017 for another period of 60 days. The decision was taken by five sector committee considering the Company's request for test run of carbon disulphide (CS<sub>2</sub>) recovery phase II project at full production. The Company is also glad to inform that CS<sub>2</sub> recovery phase II project has been successfully commissioned on 27 April 2017 which is a major milestone in setting new benchmarks in environmental standards followed by the Company. The Company not only meets legal environmental standards but also implements continuous improvements to promote the quality of community and live in harmony with them. With completion of above project, the Company has implemented all short term and long term action plans agreed in MOU dated 2 Dec 2016 with Benjaparkie committee.

As informed earlier, the Company would like to re-confirm once again that it meets all statutory emission norms and is in compliance with laws relating to factory operation.

Please be informed accordingly.

Yours faithfully,  
For Thai Rayon Public Company Limited

Mr. Prasan Sipani  
President
